

# Meranti BS1088

Crafted from Meranti hardwood veneers, Meranti BS1088 is ideal for marine, joinery, and lining applications due to its durability and strength.

The rotary-cut face veneers showcase an attractive grain pattern, perfect for clear coat or stained finishes. The colour of the panels can range from pale pink to darker brown. Meranti BS1088 meets the British Standard Marine Grade Plywood (BS1088).

Note: Marine plywoods are non-treated and do not come with a finished coating. Good boatbuilding practices involve thorough sealing with preservative compounds, paints, or resins.

## PERFORMANCE

FSC Certified

British Standard: BS1088

Environment Protection  
Standard: ISO 14001:2005

Quality Management  
Standard: ISO 13986:2004

Glue Formaldehyde  
Emissions – CARB Phase 2

# Meranti BS1088

## FEATURES

- BD Meranti face veneers
- Varies from pale pink to dark brown
- Interlocked wavy grain with a coarse but even texture Coarse but even grain

## BENEFITS

- Resistance to moisture
- Durable and strong

## DIMENSIONS

Sheet Size	Thickness
2440 x 1220 mm	4, 6, 9, 12, 18, 25 mm

## SCOPE

- Boat building and marine applications
- Caravan and motorhome construction
- Joinery and cabinetry
- Wall and ceiling lining
