

HexaDeck 220

BPIR Declaration

Version: v1

Designated building product: Class 1

Declaration

SKAPE LIMITED has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

Name	HexaDeck 220
Line	
Identifier	HEXADECK220

Description

Made with a durable Rubberwood core and finished with a tough black overlay featuring a hexagonal pattern. HexaDeck 220 offers the perfect balance of functionality and visual appeal. Ideal for vehicle fit outs, van floors and drawers, and covered trailer decks.

Note: The panel edges are sealed with weatherproof paint. Any cutting, machining, or drilling will compromise this seal and must be re-sealed using a suitable waterproof coating.

Rubberwood Core: A sustainable material sourced from rubber trees once their latex production cycle ends. Rather than going to waste, these trees are harvested for furniture and other products, supporting environmental conservation. Known for its strength and durability, rubberwood is a popular for interior linings, cabinetry and joinery.

FEATURES

- Hard wearing film with hexagonal grip pattern
- Black film
- WPB phenolic glue
- Edges sealed with waterproof paint

BENEFITS

- The hexagonal pattern overlay improves panel resistance against mechanical damage and wear, whilst providing a decorative appearance.
- Surface is resistant to commonly used chemical and surface impact
- Anti-slip surface
- Weather and waterproof
- Re-purposed material

DIMENSIONS

Sheet Size	Thickness
2440 x 1220 mm	18 mm

Scope of use

- Vehicle fitouts
- Van floors and drawers
- Covered trailer decks

Conditions of use

HexaDeck 220 panel edges are sealed with weatherproof paint. Any cutting, machining, or drilling will compromise this seal and must be re-sealed using a suitable waterproof coating.

Contributions to compliance

- B2 Durability B2.3.1 (c)
 - F2 Hazardous Building Materials F2.3.1
 - B2/AS1 Table 1.
 - F2 - EN 636
