

# HexaDeck

Made with a durable Rubberwood core and finished with a tough black overlay featuring a hexagonal pattern.

HexaDeck 220 offers the perfect balance of functionality and visual appeal. Ideal for vehicle fit outs, van floors and drawers, and covered trailer decks.

Note: The panel edges are sealed with weatherproof paint. Any cutting, machining, or drilling will compromise this seal and must be re-sealed using a suitable waterproof coating.

# HexaDeck 220

**Rubberwood Core:** A sustainable material sourced from rubber trees once their latex production cycle ends. Rather than going to waste, these trees are harvested for furniture and other products, supporting environmental conservation. Known for its strength and durability, rubberwood is a popular choice for interior linings, cabinetry and joinery.

## FEATURES

- Hard wearing film with hexagonal grip pattern
- Black film
- WPB phenolic glue
- Edges sealed with waterproof paint

## BENEFITS

- The hexagonal pattern overlay improves panel resistance against mechanical damage and wear, whilst providing a decorative appearance.
- Surface is resistant to commonly used chemicals and surface impact
- Anti-slip surface
- Weather and waterproof
- Re-purposed material

## DIMENSIONS

Sheet Size	Thickness
2440 x 1220 mm	18 mm

Note: The panel edges are sealed with weatherproof paint. Any cutting, machining, or drilling will compromise this seal and must be re-sealed using a suitable waterproof coating.

## SCOPE

- Vehicle fitouts
- Van floors and drawers
- Covered trailer decks
