

Sapele Jumbo

This panel features oversized Sapele veneers pressed onto a Eucalypt core, offering a practical solution for joinery and linings where fewer joins and a seamless look are key.

The B/B Sapele veneer faces are medium to dark reddish in colour and feature a distinctive lively grain. The Eucalypt core provides strength and stability, while a clear coat finish enhances the colour and grain pattern of the Sapele veneer.

Sapele Jumbo

FEATURES

- B/B Sapele veneer faces
- Eucalyptus core
- Medium to dark red-brown in colour
- Fine grain, lively pattern and cathedrals

BENEFITS

- Finishing brings out the intense depth of colour and highlights its natural character
- Pre-sanded faces take stain, polyurethane, oil and paint well
- Takes nails, screw and glues well
- Oversized sheet: ideal for projects that require a larger sheet

DIMENSIONS

Sheet Size	Thickness
3100 x 1530 mm	12, 18 mm

SCOPE

- Joinery and cabinetry
- Wall and ceiling lining

Note: For interior use only.
